RESPONSE TO RESTRICTION REQUIREMENT

Sir:

This paper is being filed in response to the Restriction Requirement mailed May 30, 2006 having a term that expires on June 30, 2006. The instant paper is, therefore, timely filed.

The Patent Office is requiring restriction to one of the following allegedly distinct inventions:

Group 1. Claims 1-5, which the Patent Office characterizes as being drawn to a method of identifying a peroxisome proliferators activated receptor modulator, comprising measuring the level of an mRNA transcript of a PPAR responsive gene;

Group 2. Claims 6-10, drawn to a method of identifying a peroxisome proliferators activated receptor modulator, comprising measuring the level of protein expression of a PPAR responsive gene; and

Group 3. Claims 11-16, drawn to a method of identifying a peroxisome proliferators activated receptor modulator, comprising measuring the functional activity of a protein encoded by a PPAR responsive gene.

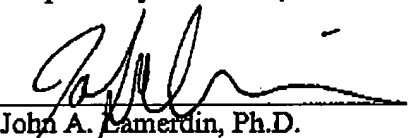

Although applicants disagree with the need for a Restriction Requirement in the present case, in an effort to advance prosecution, applicants provisionally elect **Group 1, claims 1-5**, which the Patent Office characterizes as being drawn to **a method of identifying a peroxisome proliferators activated receptor modulator, comprising measuring the level of an mRNA transcript of a PPAR responsive gene**, for prosecution at this time. Applicant reserves the right to file one or more patent applications directed to non-elected subject matter.

It is believed that no fee is due associated with the filing of the instant paper. If any fee is due in connection the filing of the present response, however, please charge such fee to Deposit Account No. 19-3880 of the undersigned. Furthermore, if any extension of time is required, such extension is hereby petitioned for, and it is requested that any fee due for such an extension be charged to the above-stated Deposit Account.

If the Examiner wishes to discuss any aspect of this case, the Examiner is respectfully requested to telephone applicant's attorney at the telephone number listed below.
